

OUTLINES.

Secretary Taft last night addressed an immense audience of Republicans and Democrats at Greensboro, his allusions to Wm. J. Bryan received with loud applause. Prosecution claims to have discovered evidence of a serious nature against Harry Thaw, who killed Stanford White in New York; it is claimed that two witnesses will make statements that they heard Thaw on two different occasions threaten the life of his hated rival for the chorus girl's favor. Three detectives are in Pittsburgh gathering data as to Thaw's life and peculiarities from childhood to the day of the tragedy. The North German Lloyd Steamship Company and the Hamburg-American Line have reduced the steamerage passage rate \$2.50 and are engaged in a fight for the emigrant business. Carvalho, the handwriting expert, has gone to Pittsburgh to testify for Mrs. Hartje, who denies that she wrote certain letters to her millionaire's husband's coachman named in their divorce suit as co-respondent. The President of France last night gave a brilliant dinner in honor of Congressman and Mrs. Nicholas Longworth. The Civil Service Commission will recommend that the entire internal revenue service be placed under the civil service regulations. Secretary Wilson was in Chicago yesterday and held a conference with the meat packers concerning the new inspection law, but neither side would give out any information. At the entrance of Yellowstone Park on Saturday a lone highwayman held up five stage coaches and secured large sums of money and valuables. New York Markets: Money on call steady, 2 1/4 to 3 1/4 per cent; ruling rate, 3 1/4; closing bid, 2 1/4; offered at 3; spot cotton quiet, 10.80; flour steady; wheat easy, No. 2 red, 84 1/2 elevator; corn firm, No. 2, 59 1/2 nominal elevator; oats quiet, mixed 42 1/2 to 43; turpentine and rosin firm.

When President Roosevelt goes down to the canal zone he would rather meet the man with the pick than the individual with the muck-rake.

"The sons of the millionaires have their perils," remarks a contemporary. Well, it does look like they've got to take their chances against the cigarette and the chorus girl.

A New York dispatch says: "Senator Chauncey M. Depew is improving." Well if a man doesn't improve in several months after having been raked over the coals, his condition would certainly be desperate.

It is said that the Indian tribes cost the government less every year. However, the diatribes in Congress will go right on costing the government big money every time Congress meets and the Record begins to publish "speeches."

Perhaps Bryan is one of those men of destiny and that "his time hadn't come" when he was beaten those two times. There are plenty of people who always did contend that the Nebraska has a Presidential face.

The Republicans are boasting of the good things done by Congress but the Democrats propose to ask the people to condemn that Republican Congress for failing to do a hundred good things that it should have done. The people won't stand for the sins of omission of the stand pat Congress.

Some preacher who has visited Boston berates the town for "utter lack of morals" and says "it is the worst city in the world." Of course, Boston people will regard an individual who makes remarks like that as a person who wears goggles and possesses an overabundance of beard, indicating that he is a muck-raker from the "rural" "deestricks."

Says the Savannah News: "Ananias Baker is the name of a representative in the Indiana Legislature. With a name like that, Mr. Baker ought to be a member of a Republican campaign committee." It will require a gentleman with the qualifications of Ananias to go around during the campaign and claim that the Republican party stood for the Democratic principles that Roosevelt, with the help of the Democratic minority, made a Republican Congress swallow.

HOMICIDE ON TRAIN

Sampson County Man Killed on Returning Excursion from Wilmington Saturday.

SELF DEFENSE IS CLAIMED

Much Drunkenness and Disorder—Man Who Did the Killing Surrenders Himself to the Authorities at Clinton—Other Notes.

The Fayetteville Observer of yesterday afternoon gives the following account of a homicide that occurred Saturday night on the return of the excursion train from Wilmington to Stedman, on the A. & Y. railroad: "A terrible tragedy took place on an excursion train near Stedman, this county, Saturday night, in which a Mr. Bedsole, of Stedman, shot and killed a Croatan named C. N. Alexston. "The excursion train was run from Stedman to Wilmington, and the train was in charge of Conductor Clifton and Engineer George Boney. There were eight cars crowded; and, on the return trip, there was unparalleled rowdiness. Hundreds of shots were fired through the coach windows, seats, floors and in every direction. Engineer Boney says that he had the coal in the tender piled high, in order to shield himself and fireman from the hail of bullets which whizzed around the engine. The shots were fired by drunken rowdies, and the excursion managers were powerless to stop it. When the train reached Stedman the negro porter, in going through the train, found the body of a man stretched across a seat, face upwards, in a deserted car with two bullet holes in his head. "It is said that Alexston was the most unruly one of the rowdies on the train. He was drinking when he got on the train early in the morning to go to Wilmington, and made considerable trouble on the trip down. It is said he was so disorderly in Wilmington that he was locked up in the police station there, and only released in time to catch the train on its return. "A passenger, who witnessed the affair, says that Alexston entered the coach in which Bedsole was with a pistol in each hand and announced that he was going to kill everyone in the car. "That you won't!" exclaimed Bedsole, springing to his feet, and drawing a pistol sent two bullets into the man's head. Just after this Stedman was reached, and the passengers fled from the car, Bedsole with them, at the same time announcing that he did it and was going to give himself up. "The crew brought the train to Fayetteville with one lone passenger, the dead man lying in exactly the position in which he fell. The Coroner was summoned, but he understood that the homicide took place in Sampson, and ordered the body carried back to Autryville. So, about 1:30 o'clock, the train started on the return with the same lone passenger. There seems to be some doubt as to whether the tragedy took place in Cumberland or Sampson, though the train crew said it occurred in Cumberland. "A subscriber at Autryville, who witnessed the shooting, writes as follows: "Just as the McLamb and Calsen excursion was arriving at Autryville Saturday night a very exciting incident occurred when Mr. John T. Bedsole, a prominent young business man of Stedman, shot and killed Dan Alexston, of Autryville. Alexston had threatened Bedsole's life while in Wilmington, and to avoid any serious trouble, Bedsole secured a reserve seat, and was safe until just before the train arrived at Autryville, when Alexston assaulted the door-keeper with a pistol and forced him to open the door. Upon attacking Mr. Bedsole (crazed by liquor as he was) he was killed instantly. Bedsole was calm and quiet. "Mr. Ballard Sessoms, of Roseboro, was also shot and seriously wounded, by Alexston."

(Special Star Telegram.) Clinton, N. C., July 9.—J. T. Bedsole shot and killed Dan Alexston on an excursion train last Saturday night near Autryville Sampson County, a phone message was received here today by F. R. Cooper, Esq., attorney for Bedsole stating that he would come to Clinton at once and surrender to the Sheriff and wanted his preliminary trial at once. County Coroner J. P. Parker was advised by wire Monday and went at once to investigate. The first information received was a telegram from Bedsole himself to the Sheriff on Sunday morning. It was sent from Wade and read as follows: "Killed man near Autryville last night want to surrender, advise." Self-defense is claimed. The trial will likely begin to-morrow.

TO CALL CONVENTION

Congressional Executive Committee Will Meet in This City To-day at Noon.

MEMBERS ARE ARRIVING

Fayetteville and Wilmington Will Ask For Meeting of Sixth District Democrats—New Hanover's Delegates Not Yet Appointed.

The Sixth District Congressional Executive Committee will meet this noon at the office of the chairman, Col. George L. Morton, Room 407-408 Southern Building. The purpose of the meeting is to fix the time and place for holding the Congressional Convention for this district, an event that is being looked forward to with a great deal of interest in local political circles. Members of the committee are already arriving and the probability is that there will be a full attendance. Members of the committee are Col. Morton, of New Hanover; chairman; George H. Bellamy, Esq., of Brunswick; H. C. Moffitt, of Columbus; D. T. McCulloch, of Bladen; Q. K. Nimocks, of Cumberland; Col. E. F. MacRae, of Robeson, and R. G. Taylor, of Harnett.

It is expected that quite a little fight will ensue at the committee meeting over the place of the convention as both Wilmington and Fayetteville are strong bidders for the same. Col. Morton said last night that several of the members of the committee had not expressed an opinion on the place but that he was very hopeful of getting the meeting for Wilmington or Wrightsville Beach. A number of the committee members are known to favor Wilmington while others are favorable to Fayetteville.

It is said that the failure of New Hanover to name her delegates to the convention before the meeting of the committee will militate against the convention being held here. It is expected that the delegates from this county will be named in time to attend the convention if the committee does not call the convention too early. At least that is the joke that is going the rounds of the district in which all other counties have named their delegates long ago. No one has attempted to explain the delay in the appointments from this county.

THE COUNTY SCHOOLS

Semi-Annual Apportionment Made Yesterday Afternoon—Vocal Music Teacher Employed—Regular Meeting of County Board.

The County Board of Education was in regular monthly session yesterday afternoon, having adjourned from the first Monday on account of the lack of a quorum. A number of matters of importance to the public schools of the county were considered, chief among which was the semi-annual apportionment to the several districts as given below. There were present at the meeting Chairman Wm. H. Sprunt, Mr. George Rountree, County Superintendent W. Catlett and County Treasurer Green. The monthly report of Treasurer Green showed a balance on hand to the credit of the school fund July 1st, amounting to \$7,233.50. The report was audited and approved. Patrons of District No. 6, Acorn Branch, petitioned that the school building be moved to a more central location. The matter was referred back to the committee of the district for information as to what part of the expense the patrons would bear and what amount would be expected of the Board of Education.

Prof. H. Womersley was employed as teacher of vocal music in the rural schools at a salary of \$50 per month. Mr. J. F. Hawkins was elected a committeeman in District No. 14, Greenville Sound, vice Mr. J. D. Woody, resigned.

The Treasurer reported \$12,930.97 on hand for apportionment for the six months ending January 1st, 1907, but from this amount \$1,764.88 had to be deducted for amount overdrawn previously and \$2,000 had to be set aside for contingent building fund, leaving a balance of \$9,166.09 for actual apportionment. This amount is slightly more than last year, but still not sufficient to run the schools to January 1st. The usual way of drawing over will be restored so that the schools may be kept open.

The apportionment to the several townships was as follows: Wilmington—District No. 1, \$3,516.98; District No. 2, \$3,657.22. Total, \$7,174.20.

Cape Fear Township—District No.

Concluded on page four.

WILL RETIRE BONDS

County To Liquidate \$20,000 Indebtedness From Proceeds of Property Sale

COMMISSIONERS YESTERDAY

Special Meeting For Receiving Tax Returns From Township Listers—Sale of Old Court House Property Is Consummated.

At a special meeting of the Board of County Commissioners held yesterday afternoon for the purpose of receiving the tax returns from the listers for the several townships, Chairman McEachern reported that the deed had been signed and delivered to Mr. James F. Woolvin, conveying to him the balance of the old Court House property and that the proceeds of the sale, according to survey, was \$16,568. It was recommended that this amount with a sum from the General Fund sufficient to liquidate \$20,000 of the new Court House bonds be applied for this purpose. The recommendation was accepted and the Chairman was instructed to take proper steps to liquidate the bonds as suggested. It was agreed that the bonds to be retired would be those due and payable in 1912 and a part of those due in 1917. These bonds pay 5 per cent, and their retirement means quite a saving to the county out of the Special Fund. The bonds are held principally in Wilmington. The calling in of these bonds is provided for in the special act authorizing them some years ago.

Only Chairman McEachern and Commissioners Robertson and Divine were present at the meeting yesterday. The returns from the tax listers of Harnett and Masonboro townships were received from Messrs. J. D. Woolly and J. Herbert Johnson, respectively, and the listers from Masonboro and Federal Point were granted further time. The other business before the Board yesterday was of a routine and unimportant nature.

RAIDED VICE DENS

Eighteen Disreputables Before Mayor Yesterday on Charge of Vagrancy—Twelve to Roads and Farm Municipal Court Yesterday.

Upon the frequent complaint of residents in the neighborhood, by direction of the Mayor, the police Sunday night made raids on the disreputable characters who infest Kellogg's, Strauss' and Terry's alleys, in Brooklyn, arresting all persons found in the dives on charges of vagrancy, having no visible means of support. Officer C. E. Wood led the raid and 18 in all were arrested, half a dozen men having been among the number of defendants. Yesterday the motley throng was given trial before the Mayor in the municipal court and out of the 18 twelve were sent to the roads and county farm for terms of 30 days each and six were so fortunate as to escape by showing that they had recent employment. One of the negro men sought to escape on the ground that he was pianist at a dance hall in Dross Neck, but the Mayor was of the opinion that an able-bodied man should have more strenuous employment and he was given his 30 days with the rest. The list of defendants would not look well in print. All are old offenders, including "Queen Victoria," who seemed to be the bellwether of the flock.

Other cases in court yesterday were of no special interest. Jim Green and his sister, Louise Green, had been arrested for being drunk and disorderly at Fourth and Church streets Saturday night. Jim was fined \$10 and costs and the woman was discharged. Stacy Ammon, Morris Leslie and Croker Williams, all white, were drunk in a vacant house on Castle, between Sixth and Seventh streets, Sunday morning. They were fined \$5 and costs each. Samuel Lewis and Henry McFarland, bootblacks, charged with shining shoes at Fourth and Bladen streets after hours, were let off upon promise of their parents to thrash them.

A boy experienced in feeding a folding machine and who can keep machine in order may secure employment by applying at the Star office. Jy 10-3t.**

A MILK INSPECTION

Action Looking to This End Taken By Board of Health Yesterday.

REGULAR MONTHLY MEETING

Residents Complain of Sewerage Market; Also Imperfect Drain-Breaks in Vicinity of Tenth and Age—Supt.'s Report.

At the regular monthly meeting of the Board of Health in the Mayor's office at the City Hall yesterday afternoon, the question of a milk inspection for Wilmington was brought up by Mr. M. W. Jacobi and a committee composed of Drs. A. H. Harris, T. S. Burbank and Mr. Jacobi were appointed to consider the advisability and cost of an inspection and to submit to the Board at the next meeting such an ordinance as they think should govern the system in this city. The importance of the inspection was strongly recommended by the physicians in attendance and it is very probable that some regulations governing the sale of milk in the city will be adopted. The matter has been under consideration for some time and while there are many obstacles in the way, the committee believes that suggestions may be obtained from other cities and an ordinance drafted that will be satisfactory in Wilmington. When the Board of Health has acted in the matter, the Board of Aldermen will be asked to adopt such an ordinance as is recommended.

At the meeting of the Board yesterday there were present Mayor Waddell, the chairman; Dr. C. T. Harper, secretary; Dr. A. H. Harris and Mr. M. W. Jacobi. The usual routine business was transacted. Mr. H. K. Holden appeared before the Board and called attention to the continued nuisance of broken sewers in the vicinity of Tenth and Market streets about which there has been much complaint. Mr. W. A. Willson, Jr., was also present and spoke of the bad conditions in the sanitary way in that section. Upon motion of Dr. Harris, it was ordered that the company be notified that the sewer in that vicinity is a nuisance and a menace to the public health and that unless it is abated in thirty days, prosecution will follow by the city in the courts.

Mr. Willson also called attention to the poor drainage in that vicinity and the overflow of his property in that vicinity by reason thereof. The Board fully realized the very unsatisfactory conditions complained of by Mr. Willson and the Sanitary Department of the city has been ordered by the Board of Health to give attention to the matter at once. The regular monthly report of Dr. C. T. Harper, superintendent of health, showed 53 deaths from all causes during June, 20 of the deceased being white and 33 colored; 45 births, 17 white and 28 colored. During the month one case of diphtheria was quarantined but there was no smallpox or scarlatina. The health officers made 4,000 inspections, did 15 fumigations, issued 753 orders for disinfectants. The trash carts removed 1,075 loads of garbage during the month. The other reports were of no public interest.

The Republican Convention.

New Hanover's rival delegations to the Republican State Convention in Greensboro to-day, both claiming to be regular, left yesterday and Sunday for the scene of the gathering and will fight out their differences before the credentials committee of that body. Both delegations are understood to be favorable to Spencer B. Adams for State Chairman, over which there will be the sharpest contest in the convention. Spencer Blackburn, also a candidate for the place, has developed wonderful strength and the contest appears to be doubtful. Postmaster Wallace and Mr. S. M. King, the originals, were the first on the scene at Greensboro, having left Sunday afternoon.

Mr. Whitlock to Fayetteville.

At last night's regular meeting of Cornelius Harnett Council Royal Arcanum, Mr. C. M. Whitlock, the regent, tendered his resignation as Regent of the council on account of his recent removal to Fayetteville, where he will be a superintendent for the Weed Distilling Co., and Vice Regent W. P. Monroe was elected to succeed him. Mr. T. L. Vines was elected Vice Regent to succeed Mr. Monroe and Mr. Wm. Goodman was elected Orator to succeed Mr. Vines. Mr. Whitlock and family have already removed to Fayetteville which will be their home in the future.

BUTLER'S FRIEND TAFT.

The Republican State convention will convene at Greensboro to-day and settle the fight for the State chairmanship between Congressman E. Spencer Blackburn and Judge Spencer B. Adams.

The convention has assumed a somewhat national aspect from the fact that on the eve of the convention, Secretary of War Taft delivered a speech to the faithful. The Star's dispatches tell of the Secretary's speech, and it is destined to attract attention all over the country, as it is regarded as the launching of the boom of Taft for the Presidential nomination in 1908. The dispatches from Oyster Bay on Saturday, stated that before leaving for Greensboro Secretary Taft consulted President Roosevelt about the speech which he delivered last night. It gives color to the rumor that Taft is Roosevelt's man for his successor, and at any rate it is to be assumed that Taft's speech was pulled off with the approval of Roosevelt and in all probability interlined with Roosevelt suggestions.

The Brooklyn Citizen (Dem.) in an editorial takes this view of the Greensboro visit of the big Secretary of War:

"The announcement that Secretary Taft has gone to Oyster Bay to confer with the President in relation to the speech he is to deliver to the Republicans of North Carolina on the eve of their State convention, is politically important in view of the fact that Mr. Taft, by common consent, is looked upon as the heir to the Roosevelt succession in the leadership of the Republican party, and his speech is expected to define the administration's policy with respect to the Republican party in the South.

"The last speech of the kind made by Mr. Taft was in Ohio, and his vigorous denunciation of the Cox machine of Cincinnati made a sensation. The machine Republicans of the Cox stripe put the responsibility for the defeat of the Republican candidate for Governor of Ohio upon that speech.

"Nothing has been heard of late about the rumored intention of the President to put Taft on the bench of the United States Supreme Court. In all probability, the Secretary himself vetoed the suggestion, as he evidently regards his chance of getting the Republican Presidential nomination in 1908 as exceedingly good. Mr. Taft, next to the President, is probably the most popular Republican in the country and he comes from a State which, in our generation, has given more Presidents to the Nation than any other State in the Union."

In all probability the Citizen about

sizes it up correctly, else why should Taft have consulted Roosevelt concerning his speech to the North Carolina Republicans?

Mr. Thos. J. Pence, Washington correspondent of the Raleigh News and Observer, sent this interesting bit of gossip to his paper on Saturday:

"I do not know the Adams mentioned in this dispatch. The truth is that I am going to North Carolina upon the invitation of my old friend, ex-United States Senator Marion Butler."

"The above are the words of Secretary of War William H. Taft, while commenting on a story to the effect that his Presidential boom would be launched in Greensboro next Monday. Judge Adams' name appeared in this story in connection with a letter running as follows:

"My Dear Mr. Adams: I write to advise you that I shall have much pleasure in being at Greensboro on the 9th of July, and in addressing your convention.

"Very truly,

(Signed) "WILLIAM H. TAFT."

"While Secretary of War Taft did not deny writing the letter quoted here, and which he read in the newspaper story shown to him, he makes it clear that he does not know the Adams, and what is more important beyond doubt that he is going to North Carolina at the instance of his 'old friend,' the ex-Populist leader, Marion Butler. Secretary Taft's open declaration of the occasion of his visit to North Carolina is very significant, and will, no doubt, set many Republicans to thinking.

"The interview with Mr. Taft, in which he denies knowledge of Judge Adams, and in which he speaks so cordially of his 'old friend,' Mr. Butler, was given to this correspondent by the correspondent of one of the leading papers of Boston. It is a highly interesting contribution and runs as follows:

"How about the story that your Presidential boom is to be launched in North Carolina?" asked the newspaper man as he handed the Secretary a dispatch giving confirmation of his query.

"Pooh!" ejaculated the Secretary with a laugh. "That is some fellow's dreamland fancy. I do not know the Adams mentioned in this dispatch. The truth is that I am going to North Carolina upon the invitation of my old friend, ex-United States Senator Butler, and I shall speak on the political issues of the day."

"How about the Presidency?"

"I have nothing to say about the Presidency, and I wouldn't say if I had," answered the Secretary, good humoredly.

"The dispatch shown Mr. Taft, which prompted these remarks said among other things, 'The Presidential boom of Secretary of War Taft will be launched in North Carolina, and in the very stronghold of the Fairbanks backers. When the convention opens on the tenth, before the Taft enthusiasm has died away and while the Ohio statesman is bound for home, some ardent supporter is expected to offer a resolution endorsing Taft for the Republican Presidential nomination.'

"But the really important thing about the Taft hullabaloo in North Carolina is that Marion Butler is the man behind it all. Again it is demonstrated that the Republican party in the State cannot do without the ex-Populist Senator. He is the king bee and the others are mere flies.

"When former Senator Pritchard was in the Senate, Tar-Heel Radicals looked to him, and he was able to give them status at the pie counter. When he retired to the bench, naturally they looked to some one else, and they needed somebody, because Blackburn was dynamiting all the crew that landed in Washington. His position as the only Republican Congressman from the State gave him a standing in the departments that the leaders could not overcome. There was only one recourse to them. Butler with his prestige as an ex-Senator could do things that were even denied Blackburn. That is why the Radical leaders embraced the ex-Populist Senator. They do not dare cut loose from him, because if they do, Blackburn, as long as he is a Congressman, will put so much dynamite under them that their standing here will be nil.

"The refusal of the Federal judges in North Carolina to accept State Chairman Adams' invitation to accompany Secretary of War Taft to Greensboro to address the Federal officeholders assembled for the State convention was not unexpected. As was stated in this correspondence, they would hardly consent to play second fiddle to ex-Senator Butler, who will be master of ceremonies. I don't be-

lieve that there is a Federal judge in this country who would so prostitute his office," said one of the prominent men in the nation when he read the announcement that the North Carolina Federal judges had accepted invitations to escort the Secretary of War to address a lot of Republicans at Greensboro.

"The visit of the Secretary of War to Greensboro is attracting much attention by reason of the bearing it may have on the Presidential situation."

WAS A GRAND SUMMER VACATION

Such Was Course at Keeley Institute Considered by Victim of Whiskey—Permanently Cured.

The Keeley Institute, Greensboro, N. C.

I entered the Keeley Institute at Greensboro, N. C., June 24, 1902, for a month's treatment. I had always been in the habit of drinking whiskey and was subject to drinking spells so that I had to be under the care of a physician, and was on the very verge of mania and death. Since leaving Greensboro all this has changed, and I can eat, sleep, and do a day's work with any man, and have no desire for liquor, but instead a revulsion for it. I pass a half a dozen saloons every day going to and from work, and have no thought or craving whatever for whiskey. This is hard to realize and harder still to believe by any one that is in the same condition that I was in. I am now convinced that if your treatment was put into general use the saloons would have to go out of business. As to the treatment itself and the care given me at your institution I cannot say enough in its praise. It was the grandest kind of a summer vacation. I would be glad if this letter would induce some poor fellow in his last extremity, as I surely was, to take your treatment and be fully reclaimed at less cost than a whiskey bill, and if this can be the means of saving even one I shall be amply repaid.

—That volcanic action is still going on among the rocks of the Pacific Ocean depths appears from the uprising of a small island in the line of the Aleutian group recently and the fact that the water thereabouts was so hot that the fishermen who started to visit the new island thought it wiser to turn back. There is nothing very unusual in this matter, however, as islands have been appearing and some of them disappearing in that locality for centuries, and probably will continue to do so for centuries to come; and, on the whole, personal property seems to offer a safer investment there than real estate.—Brooklyn Citizen.

—In referring to the shameful greed of the heartless speculators in human suffering who have the impudence to pretend that they are charging \$8 or more a ton for ice because of its scarcity, we have stated that ice can be produced by machine at \$1 a ton or less. That we were within bounds is shown by the statement of one member of the Ice Trust in Baltimore who, on the promise of immunity from prosecution, turned State's evidence and told the grand jury that ice can be produced by machine at a cost of 63½ cents a ton, and that even on heavily inflated bond issues and warred stock a profit of 100 per cent. could be made on ice sold at \$2.50 a ton.—Brooklyn Citizen.

—Some one with a taste for figures estimates that any half dozen of the great armored cruisers that will come to the Jamestown Exposition next year will have a combined engine strength that would, if represented in horses, equal the number of horses in the cavalry arm of the Russian Army, and Russia has more cavalry troopers than any other nation on earth. The battleship Maine has an engine strength equal to the pulling strength of all the horses in the United States cavalry. The engines of the battleship Virginia or Louisiana, if fastened to a fixed object, could pull the whole United States cavalry into the sea. This being the case, we advise our cavalry to keep well away from the shore.—Army and Navy Journal.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

SPIRITS TURPENTINE

—The Farmers' State convention will meet in Raleigh today (July 10th) and be in session till Wednesday.

—A warrant was issued at Elizabeth City on Saturday for the arrest of Dred Weeks, colored, for attempted assault on a fourteen-year-old girl. The negro is at large, with the police on his trail.

—The colored Baptist State convention will meet in Scotland Neck July 12th and an excellent programme has been arranged. Several prominent negro preachers and educators from this and other States will attend.

—On Saturday the banking firm of Charles T. Geyer & Sons, of Southern Pines, made an assignment to W. J. Adams, of Carthage. Book assets are about \$12,000 and exclusive of capital the liabilities are about \$10,000.

—While Mr. Sidney G. Collins and Mr. J. C. Williams, of Angier Harnett county, were on their way to Lillington on Saturday, Mr. Collins dropped dead on the road from heart trouble. He was aged 71 and was a prominent and respected citizen.

—The Republican convention of the Tenth Congressional District met at Asheville Saturday and nominated J. J. Britt, of Asheville, to contest the race with W. T. Crawford, Democrat. Roosevelt's name was mentioned three times but failed to elicit enthusiasm. The administration was endorsed.

—The Sanford Sash & Blind Company, whose entire plant was destroyed by fire May 12, was reorganized July 5 and the capital stock increased to \$10,000. Work on the new factory building has already begun. It will be a modern structure with all the latest machinery and improvements. This company will be ready for business by September 1.

—The Secretary of State has chartered the Carthage and Piedmont Railroad Company, of Carthage, with \$60,000 total authorized capital stock, all subscribed. The object is to construct, maintain and operate a railroad for public use in the conveyance of passengers and property, which shall extend from the town of Carthage to the village of Pinehurst, in Moore county. The incorporators are: H. A. Page and J. H. Page, of Aberdeen; T. B. Tyson, D. O. McDonald, J. L. Currie, and J. F. Cole, of Carthage.

—Greensboro special, July 7: Blackburn's Wilkes county methods took like wildfire among Guilford Republicans today, furnishing a disgusting, but spectacular display of dash, rowdiness, and continual expectation of riot and blood, only to end in a complete submissive surrender of the minority ruthlessly overridden, insulted, brow-beaten and bull-dozed. Without opposition, after hours of preliminary wrangle he was endorsed for State Chairman, his delegates alone elected to the State Convention and pandemonium made popular in the heart of staid old Guilford Republican Quakerdom. The name and shame of Butler was the undoing of the organization or Adams-Douglas forces.

—The annual meeting of the Thomasville Orphanage (Baptist) was held at the institution in Thomasville on Saturday. There was a large attendance and there were interesting exercises, including addresses, reports and a programme by the children. The ten little maidens from Japan caught the crowd. Mr. J. H. Tucker, of Asheville, and Mr. Thomas Noel, of Lexington, were elected as trustees to fill vacancies made by the death of Dr. Mitchell and retiring from the board of Rev. M. L. Kesler, when he accepted the superintendency of the orphanage. The afternoon was taken up in field sports. Capital City Council, J. O. U. A. M., of Raleigh, sent 300 bags of candy to be distributed to the children. The orphanage is in splendid condition.

—The Republican county convention at Durham on Saturday was the rowdiest ever held in the county. The result was that two contesting delegations were sent to the Republican State convention which meets at Greensboro to-day (Tuesday). After the convention had been called to order by C. T. Pearson, county chairman W. T. Rigsbee, leader of the Blackburn faction, took the chair, practically by force, had himself made temporary and then permanent chairman, appointed committees and sent a Blackburn delegation to the State convention. Great confusion reigned and many fights were prevented. The Adams faction later held a convention and sent delegates to Greensboro. After the convention County Chairman Pearson was assaulted by Ruby Smith.

—The Republican county convention at Greensboro on Saturday was a turbulent affair, but Blackburn carried the day over Adams, 18 delegates to the State convention having been instructed for him. After a Blackburn demonstration, the Congressmen thus acknowledged it, in part: "I thank you for this demonstration. I have received more free advertising I suppose, than any other man in this State—advertising that I have not sought. Individuals who did not like me have sought to defeat me in every way they could. Since April 30, last, secret service men have followed me

in every township in my district—the only Republican district in the State—endeavoring to find something that could be used in destroying me. They have indicted men who they said were my friends and failed to convict them."

—At Asheville Saturday morning before day a burglar entered the room of Mrs. Baker, of Virginia, a guest of the Colonial Inn and got away with a gold watch and some money. Mrs. Baker was sleeping alone in the room when she was awakened by some noise and was startled to find a negro in her room bending over a trunk and in the act of taking articles therefrom. She screamed, and the man rushed through a window and made his escape, although not before Mrs. Baker had a good look at him. She is of the opinion that she could identify the man.

—A strange robbery occurred in Reidsville one night last week when some unknown parties removed the cornerstone from the colored Methodist church and made way with it and its contents. The stone was valued by members of the congregation because it had been in use in their old church building and recently it was sent to Greensboro and made over for the new structure, which has recently been completed. In due time the cornerstone was laid and some of the colored secret orders and the members of the congregation assembled to witness the exercises. Some old coin was deposited in the stone, the amount being \$1.11, and a collection was taken during the exercises for the benefit of the church and something over \$60 was realized. It is supposed that some one in the audience thought that the collection was put into the stone. At any rate, the following night the stone was prized from the wall and since that time all efforts to locate it have been futile.

I used liniments and lots of remedies but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. A Tragic Finish.

A watchman's neglect permitted a leak in the great Northern Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth Melver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation caused by a neglected cold; but Dr. King's New Discovery saved my life. Tax Assessors Begin Rounds.

The Board of County Tax Assessors
composed of Mr. T. O. Bunting, Capt.
Louis Belden and Col. Walker Taylor,
yesterday began its rounds of exam-
ining property in the township and
making new assessments for taxation
where there has been any improve-
ment since last year. The work will
require two or three weeks and as
the past has been a year of great im-
provement in Wilmington, it is ex-
pected that a considerable amount
will be added to the tax books of the
county as the result of the labors of
the Board. Next year there will be
an entirely new assessment of all
property.

DR. CALDWELL TO LOCATE HERE

Prominent Young Physician Will
Practice His Profession Here.Dr. Morris M. Caldwell, who will
be most pleasantly remembered as
formerly assistant surgeon in charge
of the James Walker Memorial Hos-

Dr. and Mrs. Caldwell arrived in the
city Tuesday and are guests at the
Orton. Dr. Caldwell has been doing
hospital work since his graduation
from Jefferson College several years
ago and is a young physician of ex-
ceedingly bright promise; a skilled
practitioner and a gentleman of most
engaging personality. He will receive
a very warm welcome to the profes-
sion in Wilmington and will without
a doubt enjoy the large practice which
he deserves. Dr. Caldwell is a native
of Statesville, N. C., and is a gradu-
ate of Davidson College. Recently Dr.
Caldwell has been connected with the

cars from running into the river on
the lower yards. The amount asked
for is \$25,000 actual and \$25,000 puni-
tive damages. The answer to the

AT THE BEACH CASINO.

Third Week Opens Well With Polite
Vaudeville.The vaudeville offering at the Casi-
no, on Wrightsville Beach, seemed to
please the audience which assembled
last evening to see the initial pro-
duction of this favorite offering. In the
past were several local performers who
did exceedingly well with their parts,
coming well up to the professionals.
The vaudeville will continue all the
week and the doors of the Summer
theatre will open as soon after 9
o'clock each night as possible.

of new pensioners as previously
agreed upon at the meeting the first
Monday in July, the names of Benj.

the list as recommended will at once

Sunday morning at his home of heart
disease. Mr. Blake was 74 years of
age and had been in poor health some
time. Mr. Blake leaves to mourn

daughters. Mr. R. E. Blake, of this
city, was a son of the deceased and

sympathy of many friends in their be-
reavement.

Died on the Beach.

Mr. and Mrs. Joseph I. Walser, of
Lexington, N. C., who have been guests
at the Seashore Hotel, Wrightsville

had the misfortune early yesterday
morning to lose by death their infant
daughter, Virginia, aged 16 months,

SLATER'S COMEDIANS.

Large Audience Greeted Favorite En-
tertainers Last Night.Slater's Comedians opened a return
engagement in this city last night at
the Academy of Music and was re-
ceived for the opening production by
a large audience. The offering was
"Kidnapped," a bill received with
great favor last time and last night
proved that the piece had lost none
of its charm for a Wilmington audi-
ence. The specialties were clever and
the individual members of the cast
portrayed their parts well.To-night the bill will be a three-act
farce comedy, "That Green-eyed Mon-
ster" and the company is looking for-
ward to another large and well pleas-
ed audience. There will be an entire
change of specialties and these with-
in themselves will be found highly en-
tertaining.

Mr. McKelthan Resigns.

In order to devote all his time to
"The Arcade," at Wrightsville Beach,
of which he is one of the proprietors,
Mr. Tilghman McKelthan has resigned
his position as night clerk at the
Dixie Cafe and in the future will de-
vote all of his time to his interests in
the "Arcade." He is a very clever
young gentleman and will be missed
at the Dixie.

Fell on Lumina Steps.

A lady and little girl whose names
were not learned last night tripped
and fell on the long flight of steps
leading from the front of Lumina, on
Wrightsville Beach, last night about
10 o'clock. While they were severely
hurt, their injuries will not be serious
from what could be learned of the ac-
cident last night.

Young Bryant Improving.

Young Mike Bryant, whose condi-
tion has been so critical at the hos-
pital as the result of the stab wound
received Thursday night, was im-
proved at the hospital yesterday, though it
will be several days yet before he is
out of danger. Jim Marine, charged
with the stabbing, is still in the cus-

(Special Star Correspondence.)
Chadbourn, N. C., July 9.—At the meeting of those interested in the building of the link of railroad from this town to some point on the Seaboard Air Line, held here Saturday, there was a large attendance and it was decided to at once begin the preliminary survey. As soon as this is done and the point at which the proposed road will tap the Seaboard Air Line is definitely ascertained, steps will be taken to raise the necessary capital and to secure a charter for the company. The meeting here Saturday was attended not only by the people of Chadbourn, but also from along the proposed route and from the Seaboard Air Line territory.

The preliminary survey will be made this week and report will be made to another meeting to be held at Chadbourn the coming Saturday.

BLACKBURN WON AT GREENSBORO

Guilford County Stood by Him Against
State Machine—Turbulent Scenes.
Lie Passed.

—After Congressman E. Spencer Blackburn finished a speech to the rowdy Republican county convention at Greensboro on Saturday, Judge Adams, with much feeling, said: "If I have ever been refused the right to address a Republican convention, I don't remember it. There is no man in North Carolina who regrets the present state of affairs in North Carolina more than I." He then referred to a part of Blackburn's speech and accused Blackburn of trading with Postmaster Glenn and Assistant Postmaster Burton. Blackburn walked up the aisle and repeated: "That's not so, that's not so." Burton walked over to Adams, shook his fist in Adams' face and said, "You're a liar." Somebody yelled, "Hurrah for Blackburn," and others took up the yell. Adams' voice was drowned as he said, "You can insult me in here, but the man doesn't live who will dare to do it out of this convention." There were cries of "Cowardly wretch," and someone asked, "Are you a delegate?" Blackburn said, "No one wants to insult you Mr. Adams." Turning to Blackburn, Adams said: "Sir, we know your methods." To this the Congressman from the Eighth retorted: "I am glad you are learning them." The judge closed by saying: "I am 45 years old and have voted the Republican ticket ever since I was of age, and this is the first time I was ever insulted in a Republican convention. The man doesn't live who will insult me outside without my resenting it."

FOURTH OF JULY PICNIC.

Sunday School of Mill Creek Church
Had Pleasant Outing.

Winnabow, N. C., July 9.—The Sunday School of Mill Creek Baptist Church gave a picnic on the fourth that was attended by quite a concourse of people and we think every one present enjoyed the occasion very much. There were recitations and singing by the children in the forenoon augmented by some very appropriate selections on the graphophone by Mrs. W. W. Drew. Then came the most important part when a very sumptuous dinner was spread of which all partook heartily. Upon reassembling at the house C. Ed. Taylor, Esq., was introduced as the speaker of the day. Mr. Taylor spoke of the history of colonizing the country from the discovery of Columbus up to the present time; of the dark days our ancestors had in establishing our independence, and of some of the great achievements our country has made since the declaration of independence. We venture the assertion that there has never been a better speech made at Mill Creek. Mr. Taylor was followed by Mr. Wm. W. Drew, who made some very appropriate remarks for the occasion. Thus finished a day of commemoration of that great and memorable event which occurred one hundred and thirty years ago.

THE COTTON MARKETS.

New York, July 9.—The cotton market was very quiet during to-day's session, sales for the day being estimated at only 75,000 bales. Prices ruled irregular within a narrow range and closed steady at a net decline of 2 to 5 points. The opening was 1 to 3 points lower in spite of steady English cables and shortly afterward the market showed a net loss of 5 to 6 points on the more active months under scattering liquidation and bear pressure, which was inspired by reports of rains in the Southwest where moisture has been needed. Covering checked the decline before the mid-day, and the market rallied 2 or 3 points during the middle session, partly as a result of a firm spot report and partly owing to a report that local stocks were to be reduced some 8,000 to 10,000 bales as a result of shipments from here to New Orleans for delivery on nearby contracts there. Later, however, the market eased off again under official confirmation of more or less general rains in Texas, which were reported privately early in the day, and the market closed within a couple of points of the lowest.

Receipts at the ports to-day 10,116 bales against 4,183 last week and 9,864 last year. For the week 25,000 bales against 25,572 last week and 85,703 last year. To-day's receipts at New Orleans 560 bales against 2,084 last year and at Houston 474 bales against 2,347 last year.

THAW HELD MALICE AGAINST MR. WHITE

Prosecution Claims to Have Two Witnesses Who Heard Thaw Threaten to Shoot Architect. Both Men Pursued the Girl.

By Wire to the Morning Star.
New York, July 9.—A witness whose testimony may be of considerable importance in connection with the Thaw-White case was found today in the person of Warren F. Hammond, who at one time was employed by Thaw as a valet. Until today it had been supposed that when William Redford, Thaw's regular valet died, the testimony of the only person who had ever occupied the position of a body servant to the young man had been irrevocably lost. Hammond, however, substituted for Redford during three months when the latter was ill, about three years ago. It is expected that Hammond will be examined at the District Attorney's office tomorrow.

Among the persons questioned by Assistant District Attorney Garvan today was Charles Hartnett, who was employed by Stanford White as a secretary. While Mr. Garvan refused to say what the examination disclosed, it is understood that Mr. Hartnett's testimony tended to contradict the current reports of much which was discreditable to Mr. White's private life.

A Mrs. Schwartz, who lives in West Thirty-second street, and who is an intimate friend of the Thaws, will be questioned by Mr. Garvan tomorrow. It is said that shortly after Harry Thaw and Miss Nesbit were married, Thaw threatened, in Mrs. Schwartz's presence, to shoot Stanford White.

Two young women whom the District Attorney's office has been particularly eager to interview are Miss Paul A. Desmond and Miss Gertrude Grant. It is alleged that these young women were followed and annoyed by detectives who had been employed to watch White. Both Miss Grant and Miss Desmond are known to have been friends of Stanford White.

The activity of the District Attorney's office is running down all clues in the theatrical district is largely due to the story told Assistant District Attorney Garvan by Edna McClure, a show girl, and former friend of Mrs. Thaw.

Miss McClure said that when Evelyn Nesbit was in "The Wild Rose" Company, both Stanford White and Harry Thaw were pursuing her. There were two cabs at the stage door for her every night and two bunches of flowers. White won at that time and he took the girl from the stage and sent her to school in Pompton, N. J. She was taken ill while there and underwent an operation. Then White sent her and her mother to Europe.

Harry Thaw learned of this and went abroad. He met the girl in Paris, and Evelyn went with him, leaving Mrs. Holman, the girl's mother, penniless in Paris. She had to cable White for money to get home. Evelyn tired of Thaw's conduct abroad and left him. When she got home she went to Stanford White and told him of the treatment to which she had been subjected by Thaw. White then took her to his attorney and had her draw up the affidavit, which is now so badly wanted by the prosecution. Thaw followed her home, and after some time she rejoined him and they went abroad together.

Miss McClure said that Evelyn was on the point of leaving Thaw after a bitter quarrel, when he offered marriage to her. Miss McClure also told the Assistant District Attorney that while entertaining a number of guests in a Broadway restaurant one night, Thaw saw Stanford White enter the place. He began to abuse White, says Miss McClure, and said to his wife: "There goes that blackguard now that owned you before I did."

Mrs. Thaw is reported to have answered: "Stop raking up my past, Harry. That brute over there is responsible. Go to him about it." "I will," Thaw said. "I'll get him yet."

James Lederer, a theatrical manager of Philadelphia, and a brother of George Lederer, prominent as a theatrical manager, was subpoenaed today to appear at the District Attorney's office tomorrow in connection with the Thaw case. James Lederer was manager of the "Wild Rose" Company when Evelyn Nesbit Thaw, the prisoner's wife, was a member of it.

Thaw will not have his usual holiday exercises in the jail yard this week. Ordinarily the occupants of cells in tiers one and two where Thaw's cell is located, are permitted to spend Monday afternoon in the prison yard. To-day, however, the prisoners' coal supply was being renewed and none of the prisoners were permitted to go to the yard.

Mrs. Thaw spent an hour and a half with her husband today. She was leaving the prison she remarked to a friend: "Harry seems to be in good spirits."

Pittsburg, July 9.—Three detectives are at work here investigating the life of Harry Kendall Thaw from his birth to his incarceration in the Tombs, New York, for the killing of Stanford White.

All of Thaw's alleged peculiarities

from birth to manhood are being looked up and it is said to be the intention to secure every iota of information relative to his character and disposition. It is declared that Thaw's counsel have not decided upon what line of defense they will follow and the discoveries made by the detectives will figure largely in making up the minds of the attorneys.

Hon. David T. Watson, the Pittsburg attorney, who is now in England, will leave there this week and will likely go direct to New York and consult with Thaw's counsel there.

Relatives of Mrs. Harry K. Thaw in this neighborhood are not disposed to discuss the testimony given to the New York authorities by Edna McClure and others concerning the relations which existed between Thaw, his wife and White from the time that Thaw first met his wife. Mrs. C. J. Holman, the mother of Mrs. Thaw, it was said today, has nothing to give out in connection with the case. "The reports that the New York authorities do not know where to find Howard Nesbit, the brother of Mrs. Thaw, if they should desire his testimony, are said to be without foundation. The young man is at home and says no mystery has been made as to his whereabouts."

Wake County Superior Court Has Important Case For Trial.

(Special Star Telegram.)
Raleigh, N. C., July 9.—The July term of the Wake County Superior Court convened this morning, Judge J. L. Webb presiding. There are 112 cases on the docket, the most important being that against Mr. M. T. Norris, a prominent merchant of this city, in which he is charged with burning the dwelling on a farm his wife owns ten miles from Raleigh, in order that the \$500 insurance might be collected. There is also a damage suit by Mrs. Norris against the North Carolina Home Insurance Co., demanding \$50,000 damages for charging that her husband burned the place as her agent. The preliminary litigation has been the most sensational Raleigh has had in a great while. No date for this trial is yet fixed. The evidence is entirely circumstantial, the warrant having been issued on affidavit of the State Insurance Commissioner.

The first bale of this year's cotton crop was sold at auction in New York yesterday and brought 24 cents per pound. It was shipped from Fall River, Star county, Texas. The bale was knocked down to the highest bidder in front of the New York Cotton Exchange. It will be shipped to Liverpool, England.

STOLE THE MARCH ON PARLIAMENT

Russian Douma Aroused Over Government's Scheme to Capture Peasants' Support

STRONG HINT OF DECEPTION

Government Distributed Circulars Among Agrarians and Set Them Against Parliament—Considerable Feeling Over Situation.

By Cable to The Morning Star.
St. Petersburg, July 9.—The initial steps towards the adoption of a direct address to the country to counteract the impression the government's communication with regard to the settlement of the agrarian question is making among the peasantry were taken in the lower house of the Parliament today when an interpellation was introduced, asking for an explanation of the dissemination of the government's proclamation to the peasants July 3. This proclamation accompanied the publication in the Official Messenger of the government's agrarian bill and sets forth the Emperor's constant solicitude for the peasants' welfare and denied that the government was opposing expropriation in the interest of the landlords, concluding with an expression of the vital necessity of maintaining the rights of property as being the foundation of the state.

The interpellation was referred to a commission which is expected to recommend the issuance of a counter appeal setting forth the views and intentions of Parliament.

Professor Kuzmin-Karavaleff, the legal expert of Parliament, has developed the theory that the action of the administration in spreading views directly opposed to the expressed policy of the legislative branch was illegal encroachment on the privileges of Parliament.

Deputy Von Rutzen, from the province of Kurst, who has just returned from a visit to that section, told the Associated Press today that he had found peasants harboring a distinct feeling of distrust if not of animosity towards Parliament which petty officials naturally are doing their utmost to encourage. The government's agrarian proclamation, he said, was being distributed broadcast in the form of hand bills and posters throughout the country and agents of the administration are actively attacking parliament's principle on the agrarian question as being aimed as much at the small holdings of peasants as at the vast estates of the nobility.

The House made slight progress today with the debate on the Blystok report. M. Rodtcheff spoke in ringing tones, his voice trembling with emotion. As he concluded there was thunderous applause. After several other speeches and the presentation of various interpellations, the House adjourned.

LONE HIGHWAYMAN WAS CAPTURED

Robbed Five Stages at Yellowstone Park and Got Big Money.

WOMEN TERROR STRICKEN

Held Up One Coach After Another—Made Passengers Hold Up Their Hands and Then Took to the Woods.

By Wire to The Morning Star.
San Francisco, July 9.—The Bulletin has a dispatch confirming the announcement from Berenda last night that the highwayman who on Saturday held up and robbed a number of Yosemite Valley stage coaches has been captured, but no news of an official nature has yet been received.

Five Yosemite Valley stage coaches were held up Saturday near the entrance to the National Park by a lone highwayman, who obtained a considerable amount of money and jewelry. The conveyances were halted in rapid succession at a curve in the road near Ahwahnee, at the identical spot where a bandit a year ago robbed several wealthy tourists of their valuables.

The stages yesterday were traveling sufficiently far apart to avoid each other's dust and when the first vehicle reached the turn in the road the highwayman, whose features were hidden by a duster thrown over his head, stepped out, pointed a gun at the driver and commanded him to halt. Some of the women passengers screamed, while others began wildly to secrete their valuables.

The highwayman directed all passengers to throw out their money and jewelry, and when the order met with compliance, he directed the driver to move on. The second coach arrived within a few minutes after the first and the driver and passengers suffered a similar experience. The process was repeated until all five coaches had been halted and robbed. Then the bandit disappeared in the brush.

Fresno, Cal., July 9.—If the surmises of the authorities are correct "Jack" Sweet, of Grub Gulch, in Madera county held up the five Yosemite stages. A report to the Democrat is that he is under arrest on the charge and he has been taken to Wawona for identification. Sweet is suspected of having held up the Yosemite stage one year ago. No arrest was then made because he came forward with an alibi. Sweet owns a small tract of land at Grub Gulch in the Sierras and works as a laborer in the mines. The sheriff's office at Madera has no official information concerning the arrest and Sheriff Jones has not been in communication with the office since he plunged into the mountains on Saturday in pursuit of the bandit.

SECRETARY OF STATE SPEAKS IN PORTO RICO

Mr. Root on Way to Rio Janeiro to Attend Pan-American Congress—Entertained at Luncheon and Greeted Cordially.

By Cable to The Morning Star.

San Juan Porto Rico, July 9.—Elihu Root, the Secretary of State, who arrived here yesterday on his voyage to Rio Janeiro as the representative of the American government at the Pan-American Congress, was entertained at luncheon today by George Cabot Ward at the Union Club.

Others present included United States and insular officials, the military and naval authorities of Porto Rico and several Spanish merchants and bankers.

Auditor Hyde, of Porto Rico, proposed the toast to President Roosevelt. In responding, Mr. Root recalled his solicitude and interest for Porto Rico during the first days of his administration as Secretary of War, while Porto Rico was yet under military government. He said he fully appreciated the difficulties attending the island's adjustment to the new conditions resulting from its separation from Spain and the severance of relations between church and state. The United States, Mr. Root said, was greatly interested in the welfare of the island and in holding its friendship and strongly desired for Porto Rico the utmost prosperity and happiness. There exists, he continued, no citizen holding office, high or low, who can truly represent his country who does not work zealously for the island's future.

Mr. Root avoided all reference to insular problems, such as the question of citizenship, the coffee growing industry and the presence of troops on the island.

PACKING HOUSE MEN AND INSPECTION LAW

Secretary Wilson Held Conference With Them in Chicago Yesterday—Neither Side Would Give Out Any Information to Public.

By Wire to The Morning Star.

Chicago, July 9.—Secretary of Agriculture Wilson and the chiefs of the packing establishments at the stock yards held a meeting today. The Secretary left his hotel early in the day, merely announcing that he "was going away," but giving no intimation of where he might be found at any time of the day. An hour later he met the representatives of the packers in a small room on the top floor of the stockyards postoffice building. Those in the conference aside from the Secretary were: T. J. Connors, of Armour & Co.; Edward Tilden, of Libby, McNeil & Libby; Louis F. Swift and G. F. Swift, of Swift & Co.; Ira Morris, of Morris & Co.

When the conference adjourned

none of the packers would say a word regarding what had occurred in the conference. Secretary Wilson said: "The meeting was not a formal affair. The Washington authorities asked me to meet the packers and this time and place were considered the most convenient. I have nothing to say regarding what took place. The public must wait until my work is finished before I say anything. I am here to listen. I am a good listener. The packers have done the talking today. My mission is to explain the law of the government to the inspectors. I do not expect to make a detailed inspection of the stockyards, but will inform the public of the results of my labor while here just as soon as I can."

INTERNAL REVENUE SERVICE.

Recommendation That It Be Placed Under Civil Service.

Washington, July 9.—The Civil Service Commission has decided to recommend the inclusion of the internal revenue service in the classified service, and it is expected that an order carrying the plan into effect will be issued within the next few weeks. This branch of the public service is one of the few remaining in which the civil service regulations do not apply.

The law was extended to it by President Cleveland, but there were so many complaints against the political effect of the order that President McKinley revoked it soon after he went into office except so far as it applied to storekeepers and gaugers receiving salaries higher than \$500 a year.

Probably fifty representatives of publishing houses are in the city making a fight for one or another kind of text books for the schools. By the proposed adoption it is for five years. The Governor this evening announced the re-appointment of directors of the North Carolina Railroad. Hugh G. Chatham, of Elkin, is president; H. Williams, Newton; W. T. Brown, Winston-Salem; T. H. CHEAP PASSAGE FOR EMIGRANTS

Cut of \$2.50 by One Line to Meet Similar Reduction.

By Wire to The Morning Star.
Bremen, July 9.—The North German Lloyd Steamship Company reduced the steerage rate to New York \$2.50.

Hamburg, July 9.—The reduction in emigrant passage rates announced by the North German Lloyd Steamship Company is that company's answer to the Hamburg-American Line's cut of the same amount last week, which is its second recent reduction. The situation begins to look extremely like a rate war between the Hamburg-American and North German Lloyd lines in emigrant business. It is explained that the Hamburg-American Company's reduction was designed to give Hamburg its proper share of the emigrant traffic, which latterly has been declining, the emigrants departing from this point in June numbering only 9,011 as compared with 17,399 in May.

DENIES WRITING COACHMAN.

Handwriting Expert to Testify in Pittsburg Divorce Case.

By Wire to The Morning Star.
Pittsburg, July 9.—David N. Carvalho, the hand-writing expert who has been engaged in many famous cases of the country, among them the trials of Roland B. Molineaux, arrived here from New York today and registered at the Hotel Henry. He has been called here to testify for Mrs. Hartje in the divorce case brought by Augustus J. Hartje, the millionaire paper manufacturer. In the previous hearings of the case appeared about forty letters, which, it is alleged, Mrs. Hartje wrote to the family coachman, Tom Madine, and which have been declared a forgery by Mrs. Hartje and her counsel. It is upon these letters that Mr. Carvalho went to work soon after he arrived.

The Hartje case will be resumed tomorrow morning and it is expected that the result of Mr. Carvalho's work in part at least will be made known. The letters have been greatly enlarged, some of the initials being six inches in height.

The commandant of the Norfolk navy yard is to hear all parties interested in the removal of the pest house from Craney Island, Hampton Roads. The Navy Department had determined to take over the island from its use and that would necessitate the elimination of the island as quarantine station. To this the people of Norfolk and vicinity object as it would mean a new location of the building now in the island.

SECRETARY TAFT'S GREENSBORO SPEECH

By Wire to The Morning Star.

Greensboro, N. C., July 9.—Secretary of War Taft tonight delivered his speech to the North Carolina Republicans on the eve of their State convention. The opera house was packed to overflowing by a throng eager to hear the Secretary and hundreds of persons were turned away because of the limited size of the hall.

Secretary Taft spoke of the important legislation at the recent session of Congress and discussed the political issues before the country. The Secretary was warmly applauded throughout his speech.

The mention of Bryan's name in the course of Secretary Taft's speech provoked a storm of applause.

Mr. Taft left Greensboro tonight on the 10:51 train for the North, en route to Put-In-Bay where he will deliver an address July 11 before the Ohio Bar Association.
